

Value Based Compensation Requires Shifting from Volume to Value.

## Quality, Outcomes, and Patient Satisfaction

Physician Compensation is beginning to incorporate factors such as Quality, Outcomes, and Patient Satisfaction.

Value Based Reimbursement requires a shift of emphasis to ensure that appropriate care is provided while volume is maintained.

The Shift Summarized: Pay for Value not Volume

OA Centers of America Has the Tools You Need to Provide Positive Patient Outcomes AND Patient Experience while Generating New Patient Volume AND Saving Dollars each month with our Preferred GPO Pricing.
